2020 Census

Why should you complete the Census?

It’s important: $2,300 per person is allocated to Eagle County annually to support schools, libraries, road improvements, veterans services, senior centers, and more.

It’s easy: 10 minutes, 10 questions. You can complete the census online, over the phone, or by filling out a paper form. You can respond in 13 languages, including Spanish, English, French, and Portuguese.

It’s safe: The privacy of your responses is guaranteed by law. The form does not ask for your Social Security number or other personal identifiers.

Who should respond?

Everyone! All residents living at your address as of April 1, 2020 should be counted. This includes family members, all children born on or before April 1, 2020, grandparents, roommates, renters, and other non-related people living at your address.

Respond beginning on March 12 by visiting 2020census.gov
